

Welcome to our Daycare Management System! This system displays basic information about students and teachers. Additionally, it tracks and manages students' registration and immunization records, and it evaluates teachers' performance ratings.

Here is the tutorial for this system:

1. When you first come to our system, there is a login page for you to enter username and password. For the first time user, please select the register option.

The screenshot shows a web browser window titled "Login/Register". The page features a large logo consisting of the letters "DC" with a purple diagonal line through them. Below the logo, the text "DAY CARE" is displayed in a bold, sans-serif font, followed by "care yourself" in a smaller, lowercase, serif font. At the bottom of the page, there are two input fields: "username:" and "password:". Below these fields are two buttons: "Register" and "Login".

Return to Login

2. Press the return to login button and enter your username and password to login:

The screenshot shows a web application window titled "Login/Register". The window has a light gray background. In the center, there is a white rectangular area containing the logo "DC" in a large, black, serif font, with a purple diagonal line crossing through it. Below the logo, the text "DAY CARE" is displayed in a bold, black, sans-serif font, and "care yourself" is displayed in a smaller, black, sans-serif font. Below the white area, there are two input fields: "username:" followed by a text box containing "888", and "password:" followed by a text box containing three black dots. Below the input fields are two buttons: "Register" and "Login". The "Login" button is circled in red.

Login

3. Welcome to Daycare system! Press the start key to continue:

4. This system divides students into different classes depending on their age. You can select a different class in the top left corner. Also, if you want to see more detail about each group, you can select the class and click the "View Detail" button:

5. After selecting a class and clicking “View Detail”, this is the interface showing each group student’s immunization status. There is a “View Teacher” button for showing teacher’s information and evaluating teacher’s performance. Also, there is a “View Student” button for showing student’s information and managing student registration and immunization records.

Back

View Class

Teacher's Name: Finnegan...

For more teacher's information, click View Teacher

View Teacher

| Student name    | Status     |
|-----------------|------------|
| Amelia Reynolds | complete   |
| Isla Lee        | complete   |
| Emma Anderson   | complete   |
| Aurora Hayes    | uncomplete |

For more student's information, select the student and click View Student

View Student

6. After clicking the “View Teacher” button in step 5, there is a teacher’s evaluation interface. Users can view the teacher's information and give evaluations from 0 to 5 marks.

Rate Teacher:  Rate this Teacher

7. If User selects a student and presses the “View Detail” in step 5, here is the interface showing the student's immunization record and registration record. The “Take Shot” button will update today’s date as the last time and change the expiration date in the immunization record. The “Register” button will update today’s date as the Last Registration Time and change the Next Registration Time in the registration record.

The screenshot displays a web application interface for student information. At the top, there is a 'Back' button and a title 'Student' Information'. Below this, there are two main sections: 'Immunization' and 'Registration'. The 'Immunization' section contains a table with columns for 'Immunization', 'Last Time', 'Expire Date', and 'Status'. The 'Registration' section contains a table with columns for 'Last Registration Time', 'Next Registration Time', and 'Status'. At the bottom, there is a form with fields for 'Name', 'Age(Month)', and 'GPA', and two buttons: 'Register' and 'Take Shot'. Red boxes highlight the 'Last Time' and 'Last Registration Time' fields, and red arrows point from the 'Take Shot' and 'Register' buttons to these fields respectively.

| Immunization        | Last Time  | Expire Date | Status   |
|---------------------|------------|-------------|----------|
| DTaP Vaccine        | 12-13-2022 | 12-12-2025  | Complete |
| MMR Vaccine         | 12-13-2021 | 12-12-2024  | Complete |
| Hepatitis B Vaccine | 06-24-2022 | 6-23-2026   | Complete |
| Influenza Vaccine   | 12-10-2022 | 12-9-2024   | Complete |

| Last Registration Time | Next Registration Time | Status         |
|------------------------|------------------------|----------------|
| 12-13-2021             | 12-13-2022             | Not Registered |

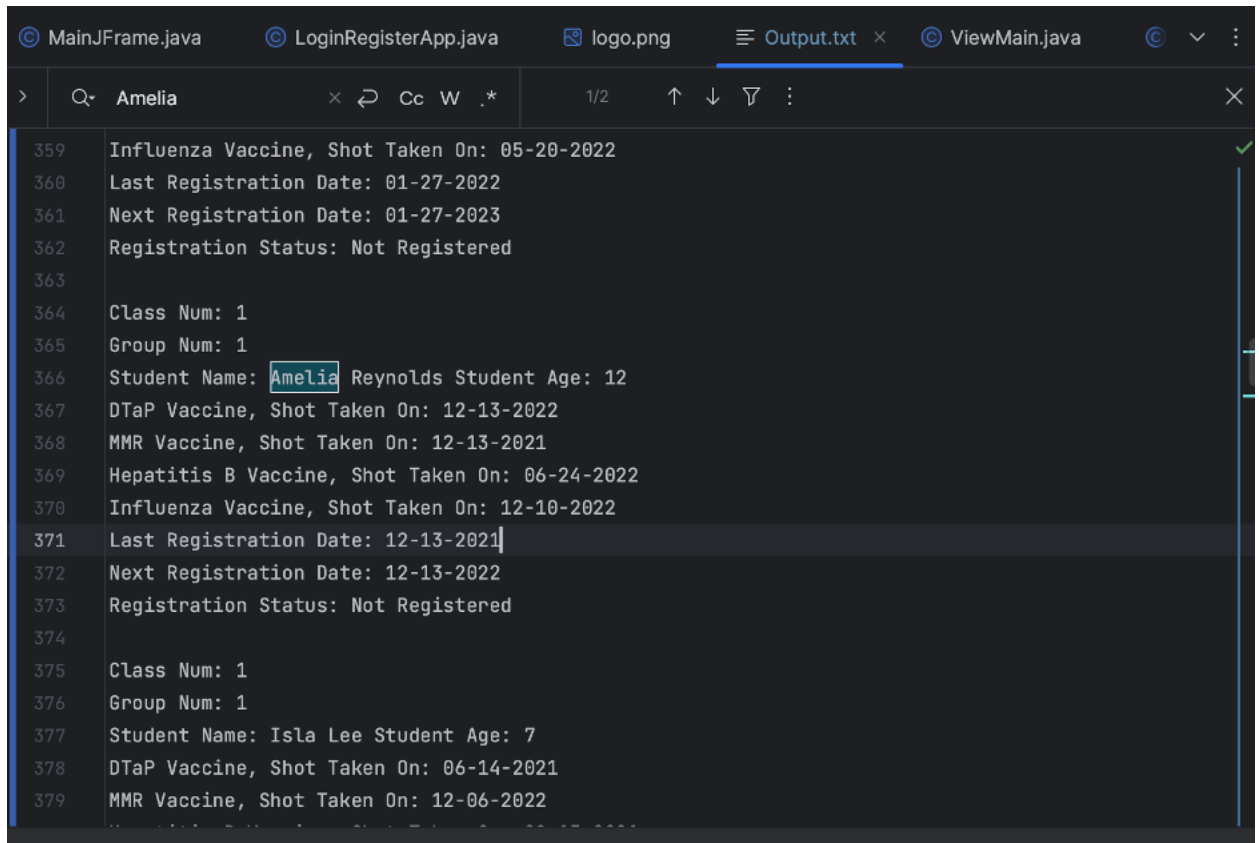

Name: Amelia Reynolds

Age(Month): 12

GPA: 3.15

Register Take Shot

8. That is all the functionality of the Daycare system. All the changes in this system are stored in the output.txt file for management purposes. Thank you!
